**Client Spotlight: Trinh Lam of York County Head Start**

Trinh Lam is the Nutrition Coordinator for York County Head Start and longtime Novick Childcare Solutions partner. We've had the chance to work closely with Trinh over the years. In preparing this client spotlight, Trinh shared, "Novick has been great to me. Everyone is professional and friendly. I'm grateful to have Novick as our vendor."

Not only has Trinh been a close partner, she has served as a true inspiration to us. Originally moving from China to Vietnam to then travel by boat to the U.S., Trinh and her family were met with piracy and depleting provisions. Forced to stop in Malaysia along the way, they were sent to a refugee camp until the U.S. found a sponsor through York Catholic Church.

Trinh moved to York, PA and started 4th grade learning English for the first time. She later graduated York High School, married, and had her firstborn, leading to her discovery of Head Start.

Trinh started her Head Start journey as a Parent Volunteer with her own children enrolled in the Head Start Program, then becoming Assistant Cook, Lead Cook, Food Service Coordinator, and now Nutrition Coordinator for York County Head Start with a degree from the Culinary Arts School and a growing family. Trinh's incredible story is just the reminder we need to remain positive during these unprecedented times.
